

DIGITAL CITIZENSHIP AGREEMENT

Setting Up

Is your
desktop the
pit?
one desktop
only.

Your Dock should be at the bottom
of your desktop with only the
applications you use at school.

Folders for each subject to
keep your desktop
organised.

At School

When going to school, shut down,
log off and close all running
programs.

Laptop in a
cupboard or in a
safe classroom at
school

When carrying your device,
close screen and with 2
hands

Don't use your
computer without a
teacher at school

Near your
laptop...

Avoid using other people's
laptops- Even with their
permission

All Social Communication
applications should be
closed and not accessed
during school time.

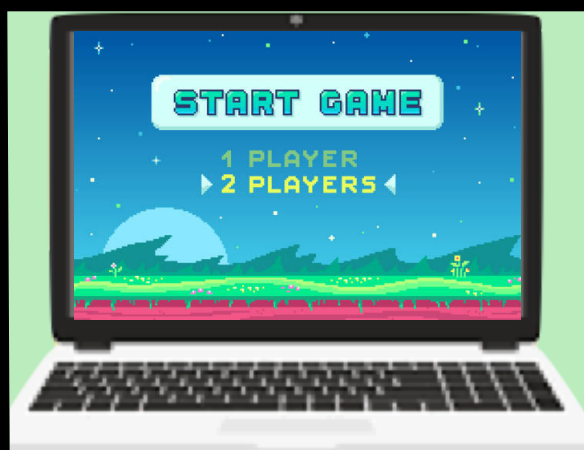

At Home

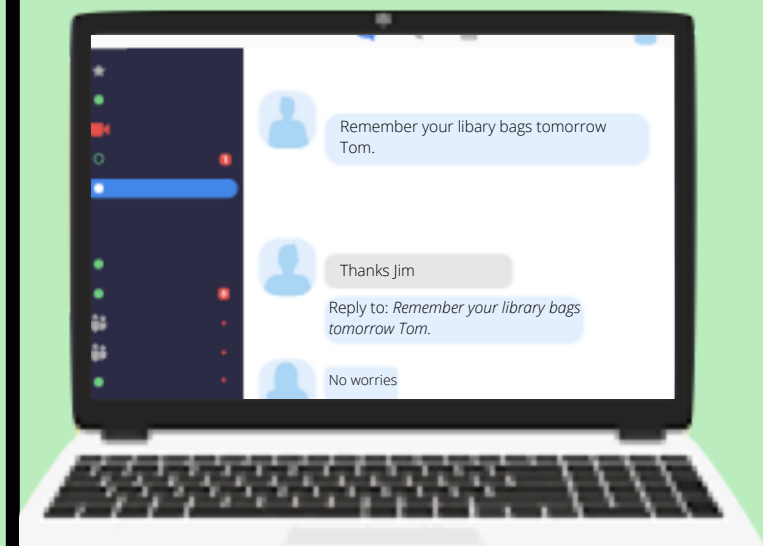

Protect your device
by using hard outer
protectors and a
keyboard cover.

Charge your
laptop to 100%
daily and keep
your device up to
date.

Regularly clean your
screen with a damp
cloth. Never write and
avoid stickers directly
on your device.

Store Games on a
personal hard drive at
home, not on your device.
Games can damage your
computer and security.

Social communication
applications and other
school directed apps are to
be used with appropriate
language and school
related content.
