

# Kiss 'n' Drive Instructions

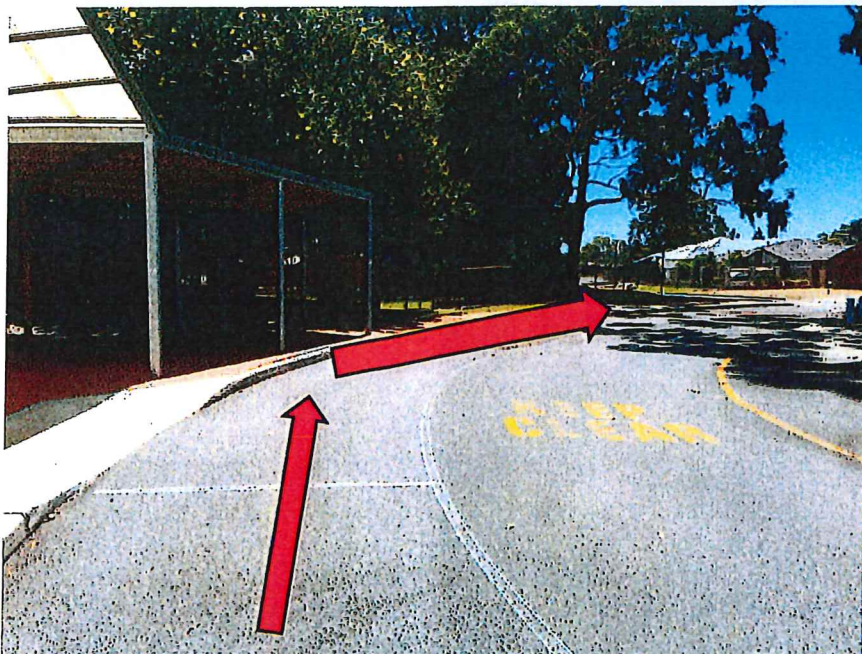

Line up here to turn left into the Kiss 'n' Drive.

Do not park next to the footpath during Kiss 'n' Drive times as cars will not be able to line up and turn into the car park.

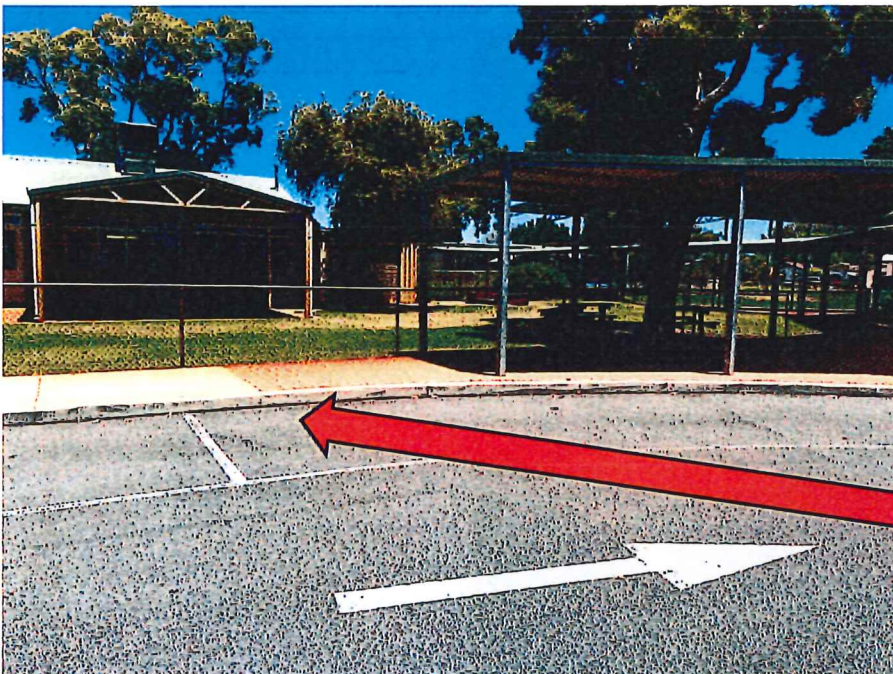

If you are coming from this direction, you may only turn right into the Kiss 'n' Drive if there are no cars lined up waiting to turn left into the car park. If it is busy, then please continue driving on. Turn up the next street, turn around and come back. Please don't try and turn around in the next teacher car park.

When you drive into the Kiss 'n' Drive if there is nobody in front of you, please drive right up to the very last spot so more cars can fit in behind you as they drive in.

This is the spot you drive up to when no one is in front of you.

If there are cars in front of you this is the earliest spot you can let your child out of the car. Students can't get out of the car before the paving brick line. Students must exit the left hand side of the car.

When you exit the Kiss 'n' Drive please take notice of the white arrow and turn left. Turning right holds the rest of the cars up behind you.

Drive slowly in the Kiss 'n' Drive car park.

Take care and have a great first day of school.
